## SWG Series Side Pusher + Auto Grouping Type

The SWG series auto sleeve wrapping machine with automatic products grouping is a sideway pusher type and equipped with chain top conveyor for products conveying. It is designed to provide flexibility to sleeve wrap products with tray and trayless packs. The sleeve wrapping machine has the flexibility to work on 1x3, 2x3, 3x3, 1x4, 2x4, 3x4 package matrix wrapping. Products are grouped and counted, physically pushed through PE film for sleeve wrap, sealed and shrink wrapped. The sealing system is equipped with high performance direct heat sealing. Industries: Soft Drink, Beverage, Can Products

**Features:**

- Automatic sleeve bundling
- Entry level sleeve wrapping machine
- High performance direct heat sealing system
- Heavy duty Teflon coated sealing blade
- Side infeed collection conveyor (belt conveyor drive type)
- Adjustable sealing time and sealing temperature
- Adjustable conveyors drive speed and film drives speed
- Easy changeover for different type of packing matrix
- Operation friendly
- PLC & touch screen (HMI) control system
- Password protection for parameter setting
- Motor drive film feed system
- Emergency reset system
